CONSTRUCTION & EARTHWORK

BUCKETS

TILT BUCKET

For 2-6T

Shapes slopes and grades surfaces precisely.

CLAMSHELL BUCKET

For 17-24T

Digs and loads material in confined spaces.

HEAVY DUTY ROCK BUCKET

For 10-85T

Handles abrasive rock and hard ground material.

RIPPER · THUMB · MULTI-PURPOSE

RIPPER

For 2-45T

Rips compacted soil and hard ground.

HYDRAULIC THUMB

For 4-30T

Grips irregular material with controlled movement.

HYDRAULIC 3-IN-1 MULTI-PURPOSE BUCKET

For 2-30T

Versatile bucket for digging, loading and multi-purpose jobsite work.

BREAKING & CRUSHING · FORESTRY & VEGETATION

DRUM CUTTERS

DRUM CUTTER · 01

For 10-30T

Designed for profiling rock, concrete and confined excavation areas.

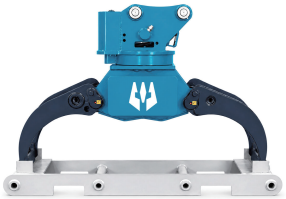

DRUM CUTTER · 02

For 10-30T

Designed for profiling rock, concrete and confined excavation areas.

WOOD GRAPPLES

WOOD GRAPPLE · 01

For 5-20T

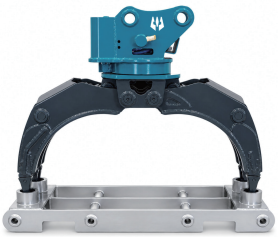

Handles logs with secure and controlled gripping.

WOOD GRAPPLE · 02

For 5-20T

Handles logs with secure and controlled gripping.

WOOD GRAPPLE · 03

For 4-35T

Handles logs with secure and controlled gripping.

GRASS GRAPPLES

GRASS GRAPPLE

For 5-20T

Handles light vegetation and bulk material.

MATERIAL HANDLING · COUPLING

GRAPPLES & GRABS

SELECTOR GRAB

For 2.5-35T

Designed for sorting, selecting and handling demolition materials.

ORANGE PEEL GRAPPLE

For 12-35T

Loads loose bulk and scrap material.

SCRAP GRAPPLE

For 5-40T

Designed for gripping, sorting and handling scrap metal materials.

MECHANICAL GRAPPLE

For 17-30T

Designed for gripping and handling logs and other materials.

POWER GRAPPLE

For 8-30T

Handles mixed materials in port and recycling operations.

QUICK COUPLERS

QUICK COUPLER

For 1-55T

Enables efficient attachment changes for versatile excavator operations.

DOUBLE LOCK QUICK COUPLER OS

For 0.8-70T

Dual-locking design supports secure attachment retention.

COUPLING, COMPACTION & PILING

QUICK COUPLERS

ROTATING QUICK COUPLER

For 2.5-15T

Rotates attachments without carrier repositioning.

DOUBLE LOCK QUICK COUPLER

For 1-45T

Dual-locking design supports secure attachment retention.

CAST QUICK COUPLER

For 1-55T

Cast-body construction for excavator attachment connection.

TILTING QUICK COUPLER D

For 1-26T

Allows tilting of attachments for precise positioning.

TILTING QUICK COUPLER S

For 2-35T

Allows tilting of attachments for precise positioning.

PLATE COMPACTOR · 01

For 1-23T

Compacts trenches and foundation areas efficiently.

PLATE COMPACTOR · 02

For 1-35T

Compacts trenches and foundation areas efficiently.

PILE DRIVER

For 18-55T

Designed for driving piles during foundation and construction operations.

PILE DRIVER RD

For 18-55T

Designed for driving piles during foundation and construction operations.

HYDRAULIC EARTH DRILL

For 1-50T

Designed for drilling holes for fencing, foundations and groundworks.
